LITTLE TRINITY LTD

Happy Birthday

Gracie B - 4 on 6th Arrish T - 4 on 10th

Another lovely week— lots on offer both indoors and outdoors! The chicks and ducklings continue to thrive and we have all enjoyed watching this over the past 10 days, a few sad faces when they left us on Thursday!

I have sent out new menus for those wanting to book hot lunches and emails will be coming out regarding Comic Relief and Class Photos over the next few days so please keep an eye on Parent-mail. Only a few weeks until Easter now—the time is flying by!! Have a great weekend, Gaynor

Work of the Week

- ★ Yellow Bumble Bee Room — Willow Y demonstrated brilliant listening skills and followed all the instructions during the farm animal hunt activity! Great job Willow
- ★ Red Ladybird Room — Zakaria A enjoyed number work this week. He started tracing numerals 1-5 and then tried hard to write them independently! Well done Zakaria, keep it up!

RED LADYBIRD ROOM

This week the children have been learning all about caterpillars and butterflies in the outside area. Attlee, Evie and Isabella used the tweezers to colour sort the butterflies, supporting colour recognition and fine motor skills. Gracie and Eloise did very well at following and continuing the patterns on the butterflies and even created their own patterns. Sofia and Zakaria had fun identifying the letter sounds on the caterpillars and then matched them to the initial sounds picture cards, developing their early reading skills. Jack, Peaches, Corey, Roman and Poppy enjoyed making a life cycle butterfly spinner whilst Ocean, Ivy and Jonathan all loved the appropriately themed Hartbeeps, all about caterpillars! To celebrate Eid next week the children made crowns— Theo, Harlow, Oscar and Imaani all looked fantastic!

YELLOW BUMBLE BEE ROOM

Farm Animals is the theme and lots of fun has been had! Willow did well with listening and following instructions during a game outside whilst Ranbir loved the number recognition game, using the numbered chicks. Hendrixx was hands on when exploring the different materials in the sensory tray and Henry and Otie both used their knowledge of growth to learn about the chicken life cycle. Bertie had lots of fun getting messy when washing the muddy farm animals and Phoenix enjoyed picking all her favourite animals out of the box to play with.
